Important topic

The script has only 42 characters. We also found that it consists of 11 words. And only 7 spaces.

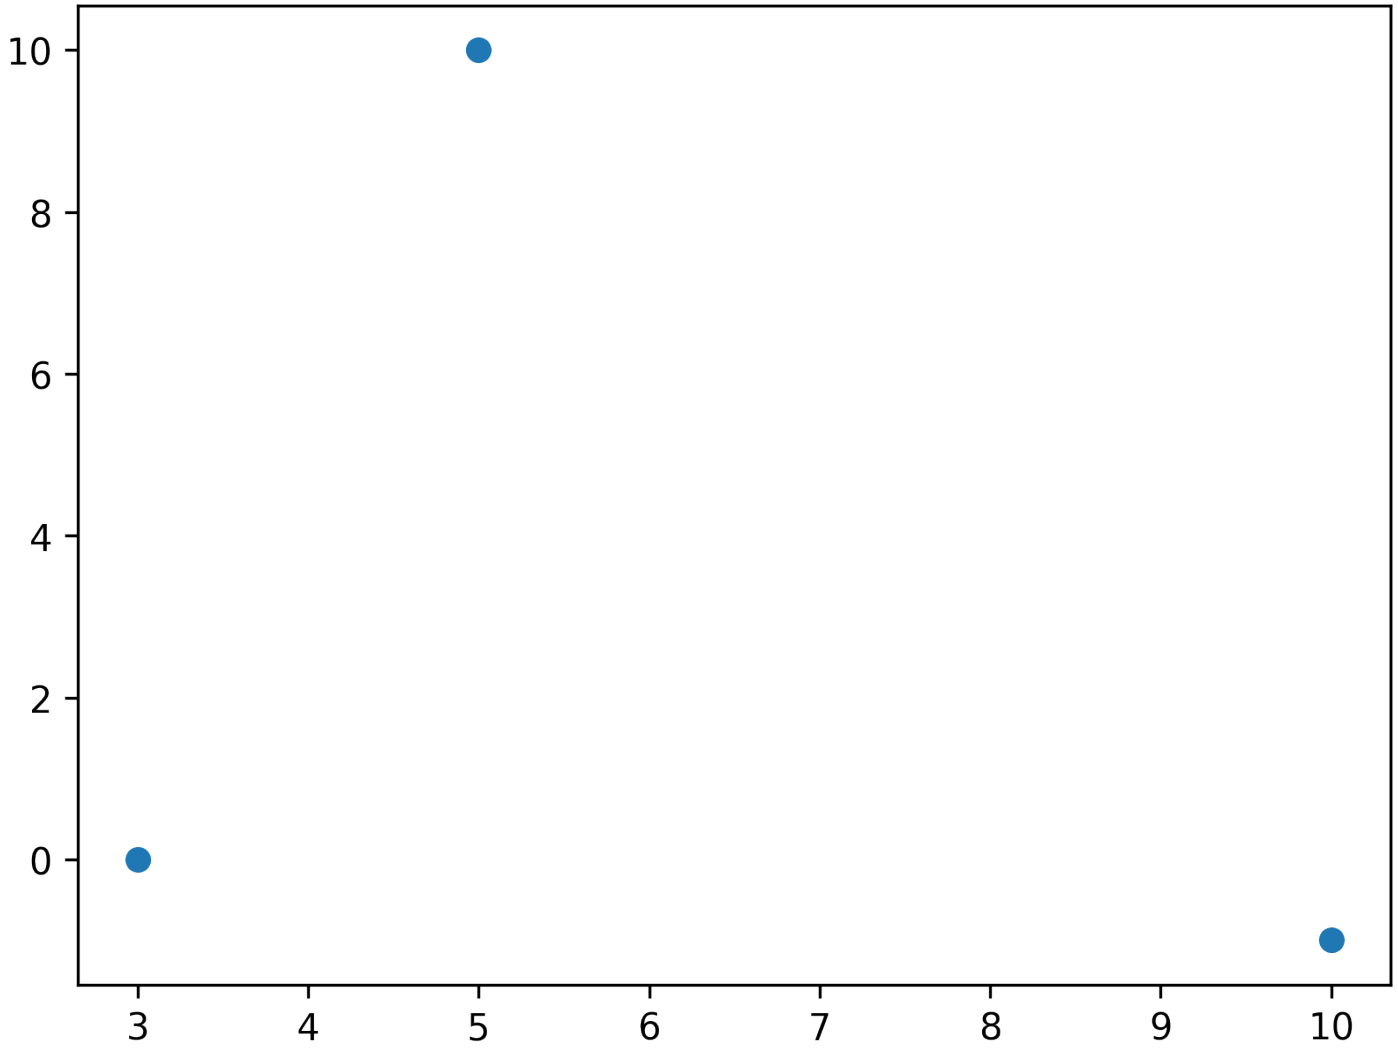

Correction

Everything on page 1 is wrong.

Physics

The method "Method_A" used input parameters a=2, b=3, and c=4. Calculations have been performed following Einstein et al. (1935). The result was: 9. During the process, the magic number 42 appeared.
